

An aerial night photograph of a city harbor. In the foreground, a large, modern building with a distinctive, illuminated, wavy roof stands out. The building's facade is lit up, and its reflection is visible in the water. To the left, a harbor area with several ships and cranes is visible. The background shows a dense urban landscape with many lit-up buildings and streets, extending to a distant shoreline under a twilight sky with soft orange and blue hues.

# Automuseum PROTOTYP

A special gem in the Speicherstadt and Hafencity invites you on an unforgettable journey through time: The historic factory building has been modernized with great attention to detail and, as the PROTOTYP car museum since 2008, offers the perfect ambience for events with that certain something: between rare sports and racing cars, such as the original Porsche from 1939 and Formula 1 cars from those days, and in charming historical rooms, corporate and private events can be celebrated!

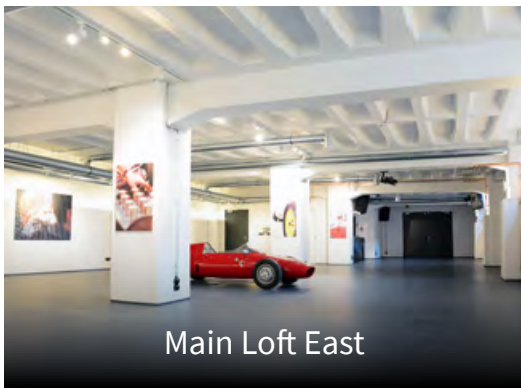

Whether it's a conference lasting several days, product presentations, after-show parties or gala dinners - anything is possible. As an additional highlight of your event, you can combine exclusive museum visits, guided tours and rallies through the exhibition.
