

An aerial night photograph of a city harbor. In the foreground, a large building with a distinctive, illuminated, wavy roof stands out. The harbor is filled with water, reflecting the city lights, and several ships are visible. The city skyline is visible in the background, with numerous lit-up buildings and streets. The sky is a mix of dark blue and orange from the sunset.

# Der Hamburger und Germania Ruder Club

The Hamburg and Germania Rowing Club is the oldest rowing club in Germany and the second oldest rowing club in the world, combining pride and tradition in equal measure.

On the beautiful banks of the Alster, surrounded by Hamburg's cherry trees, is the clubhouse of the traditional club, which NORD EVENT is making available for exclusive events following extensive new construction with modern facilities.

The Alsterdeck is located on the upper floor of the building, from where you have direct access to the large terrace. Enjoy colorful sunsets and the charm of the Alster together with your guests - at a company party or at sporting events and team-building events such as the famous Chinese dragon boat race in the middle of the beautiful waters in Hamburg's city center.

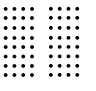

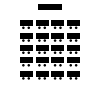

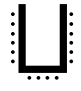

During your celebration you can enjoy selected catering from the NORD EVENT production, which prepares delicious dishes from regional products for every occasion and every season.
