

An aerial night photograph of a city harbor, likely Copenhagen. The central focus is a large, modern building with a distinctive, illuminated, wavy roof that resembles a ship's hull. The building's interior lights are visible through its glass facade. The harbor is filled with water, reflecting the city lights and the sunset sky. Several ships, including a large sailing ship, are docked or moving through the water. The surrounding city is densely packed with buildings, many of which are lit up, creating a vibrant urban scene. The sky is a mix of deep blues and oranges from the setting or rising sun.

Cruise Center Steinwerder

Invite your guests to the most modern handling terminal in Hamburg as part of your private or corporate event: At the Cruise Center Steinwerder you can celebrate any occasion in grand style according to your wishes!

The light-flooded architecture of the two terminal buildings puts your events in the perfect light: on a total area of 4,144 m² you can hold conferences, meetings and parties for up to 2,800 people - 1400 people per terminal - directly at the Kaiser-Wilhelm-Hafen!

The spacious outdoor area offers space for extensions of all kinds as well as parking for up to 1,500 cars. Would you like to take your guests to the Cruise Center Steinwerder in a special way? Then take them on the ferry, which arrives and departs directly at the location's own ferry pier.
