# Gewölbe im Hamburger Michel

Anyone visiting Hamburg can hardly avoid a visit to St. Michael's Church - or rather: the Michel. But we invite you to delve even deeper: Beneath Hamburg's most famous landmark is the crypt, one of the largest cellar vaults in Europe - and an event location that is hard to beat in terms of uniqueness.

Built in the middle of the 18th century, the vault impresses with its broadly curved ceilings, historical flair and exceptional acoustics - ideal for events that are guaranteed to give you goosebumps. The crypt offers around 1,000 m<sup>2</sup> of space for elegant dinners, medieval knights' dinners or exclusive evening events on a grand scale.

A special highlight: the impressive lighting technology, which sets the scene for your event with an atmospheric play of colors and gives the room a very special atmosphere.
